

PROSPECTUS
of Qazaqstan Equity Active SPC Limited Exchange Traded Notes due September 08, 2031
dated November 16, 2022

*This Prospectus is amended and restated Prospectus, initially dated September 08, 2021 and Supplementary Prospectus dated December 29, 2021,
for the purposes of AIFC Market Rules*

- **General.** The Qazaqstan Equity Active SPC Limited Exchange Traded Notes (the “**ETNs**” or the “**Notes**”) are senior unsecured debt obligations of Qazaqstan Equity Active SPC Limited (the “**SPC**”), a special purpose company incorporated in the AIFC as an actively-managed investment vehicle that seeks to outperform the investment results of a benchmark index that measures the investment return of various equities and/or depositary receipts of Kazakhstani companies.
- **The Investment Manager.** The investment activity of the SPC is managed by Halyk Finance JSC (the “**Investment Manager**”), acting in accordance with the Investment Management Agreement and in return for the investment management and performance fees. For more details about the Investment Manager and the investment strategy employed please refer to the Section headed “The Investment Manager”.
- **The Index.** The performance of the SPC is measured using the AIX Qazaq Index (the “**Index**”), comprising of the stocks of large and medium Kazakhstani companies. The Index is a group of securities that satisfy specified market capitalization and other eligibility requirements and whose overall performance is intended to be used as a standard to measure the investment performance of Kazakhstani equity market. The Index is described in more detail on pages 22 to 23 of this Prospectus (this “**Prospectus**”).
- The SPC seeks to achieve its investment objective by investing primarily in various exchange-traded common stocks or debt securities of Kazakhstani companies that the Investment Manager believes have potential for earnings or revenue growth. Such securities owned by the SPC (the “**Securities**”) and time of purchase and sale are carefully chosen by the Investment Manager, based on its experience and knowledge of the market.
- The ETNs seek to provide investors a return outperforming the Index, reduced by the Expenses. The amount of accrued Expenses will reduce the amount, if any, the investor will receive at maturity, upon Redemption or upon exercise by the SPC of its Early Termination Right (as the case may be), which could result in a loss to the investor on his investment, even if the value of Securities at the date of sale is greater than the value of Securities at the date of purchase. **Any payment on the ETNs is subject to the SPC’s ability to pay its obligations as they become due.**
- The ETNs are issued by the SPC, a special purpose company incorporated in the AIFC and governed by the AIFC Special Purpose Company Rules (AIFC Rules No. GR0001 of 2017). The SPC is a wholly-owned subsidiary of AIX FM Limited (“**AIX FM**”). AIX FM is itself a wholly-owned subsidiary of the Astana International Exchange Limited (“**AIX**”).
- **An investment in the ETNs involves significant risks and is not appropriate for every investor. The ETNs should be purchased only by knowledgeable investors who understand the potential consequences of investing in the ETNs. Investors should consider their investment horizon as well as potential transaction costs when evaluating an investment in the ETNs and should regularly monitor their holdings of ETNs to ensure that they remain consistent with their investment strategies.**
- The ETNs are senior unsecured debt obligations of the SPC and mature on September 08, 2031.
- The ETNs do not guarantee any return on your investment. Prior to maturity of the Notes, unless the ETNs are either redeemed or terminated in accordance with their terms, ETN holders will only be able to realise the value of their investment by selling the ETNs. On maturity of the ETNs, ETN holders will receive Securities, which could be supplemented with Cash, and the amount of such Cash and/or number of Securities will be reduced by the Expenses.
- The ETNs pay coupon in the amount of dividends, coupons or other distributions related to the Securities owned by the SPC less the payment of taxes and bank commissions.

- The base currency of the ETNs is Kazakhstani Tenge (KZT) and the nominal value of the ETNs shall be expressed in Kazakhstani Tenge (KZT). The nominal value of one ETN calculated as at the date of the first issuance was equal to 4 257,08 KZT. This nominal value is not a principal amount and, accordingly, does not provide the ETN holder with a right to claim this amount from the SPC. The value and price of the ETNs are subject to change on a daily basis, as described in more detail on pages 14 to 18 of this Prospectus.
- The ETNs are listed and traded on AIX under the ticker symbol “QZA”. The SPC has no obligation to maintain any listing on any exchange or quotation system and no assurance can be given that the listing on AIX will be maintained.
- This Prospectus and (if) any changes or amendments to this Prospectus (in the form of supplementary prospectus) will be published on the website of Stock Exchange (AIX).
- 200 000 ETNs have been issued by the SPC in the amount of the Initial Placement and are sold off-exchange to the Initial Purchaser where the consideration provided by the Initial Purchaser consisted of Cash in the approximate amount of 2,000,000 (two million) USD. This amount represents the amount of the Initial Placement. The Issuer may issue additional ETNs or redeem the existing ETNs as further described in this Prospectus. As at the date of this Prospectus, the issued number of ETNs is 216 088 ETNs.
- Further issuances of the ETNs are carried out by the SPC only upon the request of the Authorised Participants. Such additional issuances of the ETNs will be sold by the SPC to the Authorised Participants off-exchange at the price intended to be approximately close to the NAV. The Authorised Participants may sell ETNs on AIX and/or off-exchange. Prospective investors may purchase or sell ETNs on AIX and/or off-exchange. The Initial Purchaser and the Authorised Participants have a right to redeem ETNs purchased from the Issuer, on AIX or off-exchange. The redemption of the ETNs will be made off-exchange. **ETN holders (other than Authorised Participant(s) and Initial Purchaser(s)) shall have no right to require the SPC to redeem ETNs.** The SPC and its certain affiliates may engage in purchase and resale transactions in the ETNs, although they are not required to do so and may stop at any time. For a detailed description of these procedures, please refer to the Section headed “Issuances, trading and redemptions of ETNs” on pages 19 to 21 of this Prospectus.

Investing in the ETNs involves a number of risks not associated with an investment in conventional debt securities. See the Section headed “Risk Factors” starting on page 34 of this Prospectus for more information.

This summary must be read as an introduction to and is qualified in its entirety by the more detailed information contained elsewhere in, this Prospectus, and any decision to invest in the ETNs should be based on a consideration of this Prospectus as a whole. Civil liability attaches only to those persons who are included in this summary, including any translation thereof, but only where this summary is misleading, inaccurate or inconsistent, when read with the other parts of this Prospectus, or where it does not provide, when read together with the other parts of this Prospectus, key information in order to aid investors when considering whether to invest in the ETNs.

The ETNs are fully exposed to any decline in the value of Securities. If the value of Securities on the date of your sale is less than the value of Securities at the date of your purchase, you will lose some or all of your investment at maturity, upon Redemption or upon exercise by the SPC of its Early Termination Right (as the case may be).

KEY INFORMATION ABOUT THE ISSUER

Who is the Issuer of the Notes?

Issuer	Qazaqstan Equity Active SPC Limited, a special purpose company, registration number 210540900048, incorporated under the Acting Law of the AIFC on May 24, 2021, with registered address at Mangilik El 55, building 19, Astana, Kazakhstan and governed by the AIFC Special Purpose Company Rules (AIFC Rules No. GR0001 of 2017). The contact details of the Issuer are: Mangilik El 55, building 19, Astana, Kazakhstan, and its telephone number is +7(717) 223 53 66.
Principal activities of the Issuer	Issuing and maintaining ETNs, the purchase of which will enable ETN holders to participate in the performance (i.e., gains or losses) of the Securities.
Auditor	The independent auditors of the Issuer are Russell Bedford A+ Partners. The licence for providing audit services is issued by the Ministry of Finance of the Republic of Kazakhstan under number 18013076 on July 03, 2018
Directors	AIX FM, a wholly-owned subsidiary of AIX, shall act as the sole director and secretary of the Issuer. The appointment of AIX FM, being a body corporate, as a director of the Issuer is permitted in Rule 6.1 of the AIFC Special Purpose Company Rules (AIFC Rules No. GR0001 of 2017).

Qazaqstan Equity Active SPC Limited is incorporated with the principal business purpose of issuing the ETNs. ETN holders will participate in the performance (i.e., gains or losses) of the Securities.

AIX FM, a private company limited by shares, incorporated the SPC and is the SPC's sole shareholder. AIX FM was incorporated by the AIFC as a private company on 2 October 2019 with an initial share capital of US\$1,500,000. Nothing contained in this Prospectus, and nothing done pursuant to this Prospectus shall constitute nor be construed as a guarantee or commitment, express or implied, with respect to the use of AIX FM's share capital to support the activities of the SPC.

As at the date of this Prospectus, AIX is the sole shareholder of AIX FM.

What is the key financial information regarding the Issuer?

Assets

The assets of the SPC are represented by various securities and cash with the total value of 884,817 thousand KZT as at December 31, 2022

Liabilities

The liabilities of the SPC mainly represented by ETNs issued; the total amount of the liabilities is equal to 888,658 thousand KZT as at December 31, 2021

Share capital

The share capital of the SPC is represented by one (1) share in the amount of one (1) US Dollar.

What are the key risks that are specific to the Issuer?

The ETNs are subject to the credit risk of the SPC

The ETNs are senior unsecured debt obligations of the SPC and are not, either directly or indirectly, an obligation of any third party. Any payment to be made in respect of the ETNs, including any payment at maturity, upon Redemption or upon the exercise by the SPC of its Early Termination Right (as the case may be), depends on ability of the SPC to satisfy its obligations as they become due. As a result, any adverse changes in the market's view of creditworthiness of the SPC will affect the market value, if any, of the ETNs prior to maturity, upon Redemption or upon the exercise by the SPC of its Early Termination Right (as the case may be). In addition, in the event the SPC was to default on its obligations, you may not receive any amounts owed to you under the terms of the ETNs.

The SPC is a newly established entity with limited track record of operation

The SPC has been established on May 24, 2021 and has limited track record of operation.

KEY INFORMATION ON THE SECURITIES

What are the main features of the Securities?

The Notes	Qazaqstan Equity Active SPC Limited Exchange Traded Notes due September 08, 2031 ISIN: KZX000000724.
Issue Price	The value and price of the ETNs are subject to change on a daily basis as described in more detail on pages 14 to 18 of this Prospectus
Currency and denomination of the Notes	The base currency of the ETNs is Kazakhstani Tenge (KZT) and the nominal value of the ETNs shall be expressed in Kazakhstani Tenge (KZT). The initial nominal value of one ETN calculated as at the date of the initial Prospectus dated September 08, 2021 was equal to 4 257,08 KZT. This nominal value is not a principal amount and, accordingly, does not provide the ETN holder with a right to claim this amount from the SPC. The value and price of the ETNs will be subject to change on a daily basis, as described in more detail on pages 14 to 18 of this Prospectus.
The number of Notes issued and their term	Number of ETNs issued as at the date of this Prospectus: 216 088. The Issuer may issue additional ETNs as further described in this Prospectus. Term of the Notes: 10 years from the date of issuance of the ETNs, subject to the right of an Authorised Participant or Initial Purchaser to require the SPC to redeem the ETNs, the right

	of the SPC to exercise its Early Termination Right or (as the case may be) the right of the SPC to extend the term of the ETNs, each as described on pages 19 to 21 of this Prospectus.
The rights attached to the Notes	Each ETN holder is eligible to receive the Settlement Amount on the Maturity Date, subject to certain conditions being satisfied, as described in more detail on page 20 of this Prospectus.
Issue Date	September 08, 2021. The SPC is obliged to disclose all further issuances of ETNs on AIX.
Maturity Date	September 08, 2031
Interest Rate and Interest Payment Dates	The ETNs bear a floating coupon rate directly linked to the cash dividends and coupons received by the SPC after payment of taxes and bank commissions in relation to the Securities owned by the SPC. The SPC will pay the Coupon Amount of the Coupon Payment Date.
Transferability	The ETNs are freely transferable in accordance with the relevant legislation of the AIFC.
Ranking of ETNs	The ETNs constitute direct, unconditional and unsecured obligations of the Issuer and rank and will rank: (i) <i>pari passu</i> , without any preference among themselves; and (ii) as senior debt with preference over all other outstanding unsecured and unsubordinated obligations of the Issuer, present and future, but, in each case, in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights.

Where will the Securities be traded?

The ETNs are listed and traded on AIX, the stock exchange within the AIFC.

Is there a guarantee attached to the Notes?

There is no guarantee attached to the Notes.

What are the key risks that are specific to the Notes?

The ETNs may not be a suitable investment for you if:

- You do not seek an investment with a return linked to the performance of the various equity and debt securities of Kazakhstani companies.
- You believe that the value of Securities will decline during the term of the ETNs, or their price will not increase by an amount sufficient to offset accrued Expenses.
- You do not understand that the trading price of the ETNs at any time may vary significantly from the NAV and that paying a premium purchase price over the NAV could lead to significant losses in the event you sell the ETNs at a time when such premium is no longer present in the marketplace or (as the case may be) the SPC exercises its Early Termination Right.
- You are not willing to accept the risk that you may lose some or all of your investment.
- You are not willing to actively and frequently monitor your investment in the ETNs.
- You do not have sufficient knowledge and experience to evaluate how the ETNs may perform under different conditions or the merits and risks of an investment in the ETNs.
- You do not understand the terms of the investment in the ETNs or are not familiar with the behavior of the Securities or financial markets generally.
- You are not willing to hold securities that may be redeemed early by the SPC pursuant to the exercise of its Early Termination Right.
- You are not willing to accept the risk that the price at which you are able to sell the ETNs may be significantly less than the amount you invested.
- You do not have sufficient financial resources and liquidity to bear the risks of an investment in the ETNs, including the risk of loss of such investment.
- You seek an investment for which there will be an active secondary market.
- You are not comfortable with creditworthiness of the SPC as issuer of the ETNs.

Investors considering purchasing the ETNs should reach an investment decision only after carefully considering the suitability of the ETNs in light of their particular circumstances.

You may lose some or all of your investment

The ETNs are fully exposed to any decline in the value of Securities. If the value of Securities on the date of your sale is less than the value of Securities at the date of your purchase, you will lose some or all of your investment at maturity, upon Redemption or upon exercise by the SPC of its Early Termination Right (as the case may be).

The amount of accrued Expenses will reduce the value of Securities and/or Cash, if any, you will receive at maturity, upon Redemption or upon exercise by the SPC of its Early Termination Right (as the case may be)

Even if the value of Securities at the date of your sale is greater than the value of Securities at the date of your purchase, you will receive less due to accrued Expenses. The amount of accrued Expenses will reduce the value of Securities and/or Cash, if any, you will receive at maturity, upon Redemption or upon exercise by the SPC of its Early Termination Right (as the case may be), which could result in a loss to you on your investment, even if the value of Securities at the date of your sale is greater than the value of Securities at the date of your purchase.

The NAV on the Maturity Date or the Redemption Date may be less than the NAV on the date of your purchase

The NAV on the Maturity Date or the Redemption Date may be less than the NAV on the date of your purchase because the NAV is calculated based on the value of Securities and Cash on each Business Day less accrued but unpaid Expenses.

The ETNs bear a floating coupon

There is no guaranteed or fixed coupon attached to the ETNs. The ETNs are bearing a floating coupon, which directly linked to the cash dividends and coupons from Securities received by the SPC after payment of taxes and bank commissions. In case if there will be no dividends or coupons from Securities, then the amount of the coupon on ETNs will be zero.

Amount of coupon paid may not be equal to the amount of dividends or coupons paid under the Securities

Any coupon paid by the SPC on ETNs is paid out of net cash dividends and coupons actually received by the SPC after the deduction of taxes and transactional costs. Thus, Coupon Amount may be lower than the amount of dividends or coupons declared and paid under the Securities.

Tax implications if ETNs are excluded from the official list of the Stock Exchange

If ETNs are excluded from the official list of AIX, all income on ETNs will be subject to taxation based on the Kazakhstan Tax Code. Although the SPC will use its best efforts to maintain the ETNs on the official list of AIX, in circumstances where this is not possible, the exclusion of the ETNs from the official list of AIX may negatively affect the tax position of holders of ETNs for tax purposes, as well as their market price.

Tax on revenues on Securities owned by the SPC may reduce the NAV

Under normal circumstances, the SPC will sell and buy Securities in the ordinary course of business; besides it may sell the Securities to cover its Expenses. Besides, the redemption of ETNs is reflected as a sale of the Shares. In circumstances where the difference between the price of sale and the initial price of the Shares is positive, such a positive amount will be included in the aggregate annual income of the SPC according to the applicable Kazakhstan tax legislation. Also, the SPC as an owner of Shares may receive dividends or other distributions from the Shares less possible deductions (taxes, transactional fees, etc.). Such dividends and distributions received will be included in the aggregate annual income of the SPC. It is not guaranteed that, at the end of the calendar year, the deductible expenses of the SPC will be higher than the aggregate annual income and there will be no corporate income tax payable. Accordingly, the SPC may be obliged to pay taxes that will decrease the NAV.

The SPC may redeem the ETNs prior to the Maturity Date by exercising its Early Termination Right

On any Business Day, the SPC may elect to redeem all, but not less than all, of the outstanding ETNs with no less than 30 Business Days' prior notice by exercising its Early Termination Right. If the SPC elects to redeem your ETNs pursuant to the exercise by the SPC of its Early Termination Right, you may not be able to reinvest at comparable terms or returns.

You have no rights or interests in any Securities

Investing in the ETNs will not make you a holder of any rights or interest in the Securities. Neither you nor any other holder or owner of the ETNs will have any voting rights, any right to receive fixed dividends or other distributions or any other rights with respect to the Securities. Accordingly, the return on your ETNs may not reflect the return you would realise if you actually owned the Securities.

The market value of the ETNs may be influenced by many unpredictable factors

The market value of your ETNs may fluctuate greatly during the term of the ETNs. Generally, the value of the Securities will affect the market value of the ETNs more than any other factor. Other factors that may influence the market value of the ETNs include:

- the market prices of the Securities; volatility, earnings, financial conditions, corporate, industry and regulatory developments, and other events affecting the companies whose securities are owned by the SPC;
- the exchange rate fluctuations;
- the prevailing prices and yields for the Securities;
- the time remaining to the maturity of the ETNs;
- supply and demand for the ETNs, including to the extent such supply and demand may be affected by inventory positions held by the SPC or any market maker;
- economic, financial, political, regulatory, geographical, agricultural, judicial, military, public health, environmental or other events that affect the value of the Securities, or that affect markets generally; and

- the actual and perceived creditworthiness of the SPC.

These factors interrelate in complex ways, and the effect of one factor on the market value of your ETNs may offset or (as the case may be) amplify the effect of other factors.

The exchange rate fluctuations may affect the value of the ETNs

The SPC may invest some of its assets in Securities or cash denominated in currencies other than KZT (such as depositary receipts in foreign currencies). Any significant appreciation or depreciation of KZT against such foreign currencies and following changes in value of such assets will result in change of NAV and may affect the market price for ETNs.

The liquidity of the market for the ETNs may vary materially over time and may be limited

As stated in this Prospectus, the SPC sold the ETNs to the Initial Purchaser within the Initial Placement. Additional ETNs may also be offered and sold from time to time by the SPC to Authorised Participants. In addition, the number of ETNs outstanding or held by persons other than affiliates of the SPC could be reduced at any time due to redemptions of the ETNs. The SPC may suspend or cease sales of the ETNs at any time, at its sole and absolute discretion. Accordingly, the liquidity of the market for the ETNs could vary materially over the term of the ETNs. Only the Authorised Participants or (as the case may be) the Initial Purchaser may request redemption of the ETNs prior to their maturity, and the Redemption is subject to the conditions and procedures described elsewhere in this Prospectus.

Changes that affect the calculation of the NAV will affect the market value of the ETNs and the Settlement Amount

The amount payable on the ETNs and their market value could be affected if trading in any of the Securities is suspended or cancelled, in which case it may become difficult to determine the market value of the ETNs. If events such as these occur, or if the value of the Securities is not available because of a market disruption event or for any other reason, the SPC will make a good faith estimate at its sole and absolute discretion in its calculation of the NAV.

Historical values of the Securities should not be taken as an indication of future performance during the term of the ETNs

The actual performance of the Securities over the term of the ETNs, as well as the amount payable at maturity, upon Redemption or upon the exercise by the SPC of its Early Termination Right, may bear little relation to the historical performance of the Securities. As a result, it is impossible to predict whether the price of ETNs will rise or fall.

There may not be an active trading market in the ETNs; sales in the secondary market may result in significant losses

The ETNs are expected to be listed on AIX. However, the SPC is not required to maintain any listing of the ETNs on AIX or any other stock or quoted exchange. The SPC and its certain affiliates may engage in purchase and resale transactions in the ETNs, although they are not required to do so and may stop at any time. If an active secondary market exists, the SPC expects that ETN holders will purchase and sell the ETNs primarily in this secondary market. Even if an active secondary market for the ETNs exists, it may not provide significant liquidity or trade at prices advantageous to you. As a result, if you sell your ETNs in the secondary market, you may have to do so at a discount from your initial purchase price and you may suffer significant losses.

KEY INFORMATION ON THE ADMISSION TO TRADING

Under which conditions and timetable can I invest in the Notes?

The ETNs are listed and admitted to trading on AIX on September 20, 2021.

Why is this Prospectus being produced?

This Prospectus has been produced for the ETNs to be admitted to trading on AIX. Besides, in accordance with AIFC Market Rules, the SPC may not offer additional ETNs, unless there is an approved prospectus, which is not older than 12 months as at a respective placement date; therefore the SPC shall update the Prospectus from time to time..

Conflicts of Interest

Disclosures on affiliated companies within AIX group.

AIX FM is a wholly-owned subsidiary of AIX and acts as a Management company of SPC and enters into all necessary agreements in this Prospectus on behalf of SPC. Whereas, AIX CSD, AIX Registrar and AIX MLS are wholly-owned subsidiaries of AIX and may from time to time act as administrator, registrar, transfer-agent, representative or otherwise as may be required from time to time in relation to this Prospectus, or be otherwise involved in or with, other funds and

clients which have similar investment objectives to those of SPC. It is, therefore, possible that any of them may, in the course of business, have potential conflicts of interest with the SPC. Each of these companies will, at all times, have regard in such event to its obligations to the SPC and will endeavor to ensure that such conflicts are resolved fairly and taking into account interests of the investors. Each of these companies has measures in place to minimize potential conflicts of interest.

The services of companies provided to the SPC are not deemed to be exclusive and each of these companies shall be free to render similar services to others so long as its services hereunder are not impaired thereby and to retain for its own use and benefit all fees and other money payable thereby and companies shall not be deemed to be affected with notice of or to be under any duty to disclose to the SPC any fact or thing which comes to the notice of companies in the course of it rendering similar services to others or in the course of its business in any other capacity or in any manner whatsoever otherwise than in the course of carrying out its duties under contracts or otherwise.

Conflicts of interest may also arise due to the widespread business operations of companies and their Connected Persons (CEO, CFO, Directors). The foregoing parties may effect transactions where those conflicts arise and shall not, subject to the terms of contracts be liable to account for any profit, commission or other remuneration arising. However, all transactions carried out by or on behalf of SPC will be on arm's length terms.

In the event that any conflicts of interest arises, each company will, at all times, have regard in such event to its obligations under contracts and, in particular, to its obligations to act in the best interests of the SPC and the ETN holder (s) so far as practicable. Companies will endeavor to ensure that such conflicts are resolved fairly and taking into account interests of the investors. Each company has measures in place to minimize potential conflicts of interest.

Conflict of interest related to the Investment Manager.

The Investment Manager - Halyk Finance JSC is one of the leading investment houses in the Republic of Kazakhstan. Within its ordinary course of business the Investment Manager serves a large number of its clients (both retail and institutional investors); in addition the Investment Manager has a number of funds under its management. Although the activities of the Investment Manager in relation to its clients/funds and activities of the Investment Manager in relation to the SPC are regulated by the appropriate internal policies of the Investment Manager, there can be certain situations when Investment Manager has a potential conflict of interest. The Investment Manager will, at all times, endeavor to ensure that such conflicts are resolved fairly and taking into account interests of all investors.

Use of Proceeds

The net proceeds of the issue of the Notes will be used by the Issuer mainly for investments in the Securities.

Estimated Expenses

The SPC will pay the following expenses:

- operational fees;
- investment management fee;
- the management fee;
- performance fee; and
- other expenses.

The above expenses of the SPC are deducted from, and reflected in the value of, the SPC and, accordingly, the NAV.

The effect of the SPC paying Expenses is to reduce the NAV.

GENERAL TERMS OF THE NOTES

The following are general terms of the ETNs and other considerations you should take into account when deciding whether to invest in the ETNs.

What are the ETNs and how do they work?

The ETNs are unsecured senior debt obligations of Qazaqstan Equity Active SPC Limited, a special purpose company governed by the AIFC Special Purpose Company Rules (AIFC Rules No. GR0001 of 2017) and incorporated in the AIFC (the “SPC”). The assets of the SPC are a combination of Securities and Cash.

Over the term of the ETNs, the NAV will generally fluctuate in line with the change in value of the Securities, reduced by the Expenses (as explained in more detail immediately below).

Accordingly, any changes in the value of Securities and Cash will be reflected in the respective changes in the NAV, which may (or may not) lead to the changes in the market price of ETNs.

Net Asset Value

The NAV is equal to:

the value of Securities owned by the SPC
plus
Cash
plus
accrued but not received dividends and coupons
plus
other assets of the SPC
less
accrued but unpaid Expenses
less
accrued but not paid Coupon Amount
less
other liabilities of the SPC (excluding ETNs issued).

The value of Securities is calculated using the closing prices of Securities on the preceding Business Day on stock exchanges or from other sources considered by the SPC as reliable.

The NAV is expressed in KZT and values of Securities and/or Cash and/or other items denominated in other currencies are converted in KZT using the prevailing exchange rates.

The Management Company has a right, acting reasonably and prudently, to adjust the calculation of the NAV by excluding or (as the case may be) including certain items in order to determine the correct value of the assets of the SPC.

The NAV per ETN is calculated by dividing the NAV by the number of ETNs outstanding.

The NAV is calculated on each Business Day and usually published on the website of the Stock Exchange at www.aix.kz no later than 11 a.m. Astana time on that Business Day.

The NAV is rounded down to the nearest cent.

The interim NAV may be calculated and/or published by the SPC or AIX FM.

As a result of On-Going Placement(s) and Redemption(s), and the buying and selling of ETNs on AIX and off-exchange, it is expected (but not guaranteed) that the price of the ETNs traded will over time closely track the NAV.

Expenses

The SPC is paying the following expenses:

- operational fees;
- investment management fee;
- management fee;
- performance fee; and

- other expenses.

The above expenses of the SPC are deducted from, and reflected in the value of, the SPC and, accordingly, the NAV. The effect of the SPC paying Expenses is therefore a reduction of the NAV.

Operational fees

Operational fees include all costs, charges, fees and expenses incurred in the operation of the SPC, including transactional costs (excluding transaction costs of buying and selling securities), banking costs, custody fees, the costs and expenses of obtaining and maintaining authorisations or registrations with regulatory authorities, professional fees, expenses for auditing and other operational fees. Operational fees of the SPC do not include taxes, brokerage commissions, interest expenses incurred as part investment management activities and extraordinary nonrecurring expenses that may arise, including without limitation the cost of any litigation to which the SPC may be a party.

Investment management fee

In accordance with the Investment Management Agreement, the SPC shall pay a fee to the Investment Manager for its services.

Management fee

In accordance with the Management Agreement, the SPC shall pay a fee to the Management Company for the Management Company's services.

Performance fee

Pursuant to the Investment Management Agreement, the SPC pays the performance fee to the Investment Manager for its services at the rate equal to 10% of the difference between the performance of the SPC and the performance of the Index, adjusted for dividends paid under Shares, in accordance with procedures and formulas set out in the Investment Management Agreement

Performance fee is accrued daily starting from 1st of January of each year till the end of calendar year, i.e., 31st December of each year. Performance fee for the 2021 year is calculated starting from the date of receipt of funds by the Investment Manager.

The payment of accumulated Performance fee will occur on or before 10th of January each year.

Other expenses

In addition to the expenses indicated above, the SPC shall pay transaction costs of buying and selling securities, interest expenses incurred as part investment management activities and, in exceptional circumstances, costs that relate to the ETNs that arise outside the ordinary course of business such as taxes, litigation expenses and any other extraordinary expenses.

Total Expense Ratio

The sum of Operational fees, Investment management fee and Management fee ("**Total Expenses**") shall not exceed 0.75 percent of NAV per annum (being the Total Expense Ratio). In order to keep Total Expenses at a level or below Total Expenses Ratio, 0.75% per annum will be accrued on a daily basis to the NAV and paid on a monthly basis to the Management Company. The Management Company will use this amount received from the SPC on a monthly basis to pay all Operational fees and Investment management fee. If the sum of Operational fees and Investment management fee is less than 0.75 percent of NAV per annum, then the positive difference from Total Expense Ratio is paid to the Management Company as the Management fee. If the sum of Operational fees and Investment management fee exceeds 0.75 percent per annum, the Management Company will assume invoices on behalf of the SPC for such excess expenses.

The SPC, the Management Company and the Investment Manager are intended to keep the Total Expense Ratio at 0.75 percent of NAV per annum. But in certain situations, if actual expenses of the SPC significantly exceed currently expected levels, the SPC, the Management Company and the Investment Manager may decide to increase the Total Expense Ratio to a level up to 1.0 percent of NAV per annum. Such decision to increase the Total Expense Ratio shall be agreed between the SPC, the Management Company and the Investment Manager and with 30 days prior notice to ETN holders published on the website of the AIX.

For avoidance of doubt, Performance fee, Other expenses, the Coupon Amount and any withholding (or other taxes) associated with the net cash dividends related to the Securities will not be included in Total Expenses for the purpose of calculation of the Total Expense Ratio.

Assets of the SPC

The SPC is planning to hold the following assets only:

- Securities; and
- Cash.

Securities

The SPC is planning to invest only in:

- securities included into the Index (“**Index Securities**”);
- other securities listed on AIX.

Index Securities include shares and depositary receipts of Kazakhstani companies, listed and traded in Kazakhstan or abroad. However, the SPC may invest in other securities listed on AIX if the SPC believes that such investments may assist in better investment results and decided so by the Investment Manager.

In selecting companies that the Investment Manager believes are relevant to the SPC’s investment strategy, the Investment Manager seeks to identify, using its own fundamental, “bottom-up” research and analysis, companies that in opinion of the Investment Manager have potential for earnings or revenue growth. The Investment Manager’s internal research and analysis leverages insights from diverse sources, including external research, to develop and refine its investment strategy and identify and take advantage of trends that have ramifications for individual companies or entire industries.

The Investment Manager may seek to sell the Security if, in its opinion: (i) the Security reaches its valuation target; (ii) the Security reaches its position size limit in the SPC’s portfolio; (iii) the Security’s fundamentals deteriorate; (iv) there are adverse policy changes that could affect the Security’s outlook; or (v) better investment opportunities become available.

Investment limitations

According to the Investment Management Agreement, the value of any Security, issued by one legal entity will not exceed 25% of the NAV.

For the Securities not included into the Index, maximum exposure is limited to the 15% of the NAV.

If the value of any security at any point of time (due to price increase or any other reason) exceeds maximum exposure limit (25% of the NAV for securities included into the index and 15% of the NAV for the securities not included into the index) Investment manager is obliged to take necessary actions to rebalance the investment portfolio and eliminate breach of limit within 10 business days.

The single issuer limit does not apply to the instruments of the Ministry of Finance of the Republic of Kazakhstan, the US Treasury, Custodian, as well as repo transactions.

Besides, the Investment Manager may invest in:

- Government debt securities of the Republic of Kazakhstan and bonds of local executive authorities – up to 10% of the NAV;
- State securities issued by the central governments of foreign states – up to 10% of the NAV.

It is allowed to exceed the established limits for a period no more than 15 Business days. During this period, the Investment Manager is obliged to rebalance the investment portfolio and eliminate overlimits.

Investments shall not include derivatives or any other instrument with underlying derivatives exposure.

Cash

Cash will be held in US Dollars and/or Kazakhstan tenge and/or other currencies in a bank account of the SPC with the Custodian.

Such Cash may include dividends and coupons received by the SPC from the Securities it owns.

The SPC has a right to invest Cash (including dividends and coupons received) in various financial instruments, including but not limited to deposits with banks, short-term investments and other short-term instruments and assets, including Reverse REPO with governmental securities. Maximum exposure to Reverse REPO instruments is up to 10% of the assets of the SPC.

Powers of the Investment Manager

For the active management of assets of the SPC and in accordance with the Custody Agreement and Investment Management Agreement, the Investment Manager is authorized to buy or sell Securities on behalf of and for account of the SPC. This effectively means that the Investment Manager may sell or purchase Securities, using accounts and funds of the SPC with the Custodian on a daily basis.

Target asset allocation

The SPC’s target asset allocation and asset allocation ranges are set out in the table below:

Asset Class	Intended Target	Range
Securities	99%	90% - 100%
Cash and other instruments	1%	0% - 10%

Safekeeping of the assets of the SPC by the Custodian

Bank CenterCredit JSC, a legal entity incorporated under the laws of the Republic of Kazakhstan has agreed to act as a custodian for the Securities and Cash owned by the SPC, pursuant to and in accordance with the terms and conditions of the Custody Agreement.

In accordance with the terms of the Custody Agreement, the Custodian will be liable for the safekeeping of the Securities and Cash owned by the SPC and held in the SPC's accounts with the Custodian.

Securities and Cash held in the accounts of the SPC with the Custodian cannot be used in the interests of the Custodian and/or its affiliates and are not subject to any claims by the creditors of the Custodian.

The SPC has the right at its sole and absolute discretion to appoint another custodian approved by the Investment Manager to replace the Custodian and to transfer all the Securities and/or Cash to such new custodian with immediate notification to the ETN Holders.

Despite the fact that the assets of the SPC will be kept with the Custodian, during the ordinary course of business the SPC may temporarily have some of its assets with other institutions (such as brokers, banks, etc).

Borrowing

The SPC does not intend to borrow money. However, the SPC may borrow money as part of investment management activities. It is anticipated that, under normal market conditions, any borrowing (including REPO) by the SPC in aggregate will not exceed 20 (twenty) percent of the NAV.

Lending

The SPC may lend Securities it owns to the third parties at its sole and absolute discretion. Such third parties will be carefully selected by taking into account their credibility, collateral received and other factors. The maximum amount of Securities lent to any third parties in aggregate at any time shall not exceed 15 percent of total number of shares held in the portfolio in any single Security.

Securities lent will be used for the calculation of NAV as assets of the SPC; any collateral received will not be used in the calculation of NAV. Any proceeds from such lending will be added to the Cash of the SPC and increase the NAV (less taxes, if any).

Corporate actions relating to the Securities

With respect to any corporate action directly affecting the Securities, the Investment Manager acts on behalf of the SPC in the best interests of ETN Holders pursuant to and in accordance with the Investment Management Agreement.

Coupon payment and dividends, coupons and distributions received from the Securities

The net cash dividends actually received by the SPC related to the Securities owned by the SPC will be distributed to the ETN Holders in the form of Coupon Amount.

Dividends, coupons and distributions from the Securities

The SPC owning the Securities is eligible to receive dividends, coupons and other distributions from respective issuers. All such dividends and coupons received by the SPC will be kept on the account of the SPC and reflected in the NAV till the next Coupon Payment Date.

Dividends, coupons and other distributions may be reinvested by the Investment Manager until the next Coupon Payment Date and then distributed to the ETN Holders on such Coupon Payment Date.

In case if the SPC will receive cash dividends or coupons in currency other than KZT, the SPC has a right to take any reasonable actions to convert at the prevailing exchange rates all and any cash dividends and coupons in KZT and distribute to the ETN Holders on the next Coupon Payment Date.

In case if the SPC will receive additional Securities (in the process of share split or otherwise), the decision on holding or selling these additional Securities will be made by the Investment Manager. Any other distribution received from the Securities will be sold and distributed to the ETN Holders on the next Coupon Payment Date.

Coupon payment

ETN Holders eligible to receive the Coupon Amount will be those holders on the Coupon Record Date based on the information provided by the AIX Registrar to the SPC.

The SPC will pay the Coupon Amount on the Coupon Payment Date; it is expected that eligible ETN Holders will receive dividends shortly thereafter.

The Coupon Amount is calculated as follows:

Coupon amount = Total amount of net dividends and coupons received by the SPC divided by the number of ETNs outstanding as of the Coupon Record Date.

The total amount of net dividends and coupons includes all dividends and coupons received and/or converted in KZT from the previous Coupon Record Date to the current Coupon Record Date.

The Coupon Amount may differ from the amount of dividends or coupons declared by the respective issuers of Securities because of deduction of foreign or local withholding or other taxes, transactional, banking or other costs.

In case if the SPC will receive any cash dividends, coupons or other distributions related to the Securities owned by the SPC after the Maturity Date, will be distributed to the ETN Holders in the same manner (with the Coupon Record Date being the Maturity Date and the Coupon Payment Date being third Business Day after the date of receipt of such dividends or coupons).

Listing on the Stock Exchange

The ETNs are listed and admitted to trade on AIX.

Information published by the SPC

The SPC is publishing the following information on a daily basis (not later than 11 a.m. Astana time) (as of the previous Business Day) on the Stock Exchange's website at www.aix.kz:

- the NAV; and
- the value of Cash and Securities

Notification to ETN holders

All notifications to holders of ETNs as well as publication of an annual report and other information concerning the SPC are carried out via notifications on the website of the Stock Exchange at www.aix.kz. The SPC can change the notification method with 30 Business Days' prior notice to ETN holders, such notification to be published on the website of the Stock Exchange at www.aix.kz.

Inquiries of ETN holders

All inquiries and requests of ETN holders (except notification of the Settlement Amount) shall be sent to the registered address of the SPC as follows: Mangilik El 55, building 19, Astana, Kazakhstan, to the attention of Fund Operation.

Base of calculation

For all calculations involving the number of days in a year, a calendar year of 365/366 days shall apply.

Changes to this Prospectus

With the prior written consent of the Investment Manager, the SPC may amend or change this Prospectus at any time in its sole and absolute discretion by the issuance of a supplementary prospectus that will be published on the website of the Stock Exchange at www.aix.kz.

ISSUANCES, TRADING AND REDEMPTIONS OF ETNS

Placement of ETNs

The SPC will issue and place new ETNs via On-Going Placements.

Initial Placement and Material Details of the Subscription Agreement

The Initial Placement of ETNs carried out via direct subscription from the Initial Purchaser pursuant to and in accordance with the terms and conditions of the Subscription Agreement.

Under the Subscription Agreement the Initial Purchaser purchased ETNs in exchange for Cash.

The amount of the Initial Placement – 200 000 ETNs with an approximate value of 2,000,000 (two million) USD.

On-Going Placements

All On-Going Placements shall be carried out via transactions with Authorised Participants in exchange for Securities and Cash in an amount not less than the Creation Amount in proportion to the NAV as at the date immediately preceding the date of the Placement Notice.

The SPC has a right to require an Authorised Participant to pay for the Creation Amount in Cash only.

The SPC has absolute discretion to accept or reject in whole or in part any Placement Notice for ETNs. In addition, the SPC may impose such restrictions as it believes at its sole and absolute discretion are necessary to ensure compliance with applicable legislation and anti-money laundering procedures.

The SPC has a right to modify the Creation Amount at its sole and absolute discretion at any time with prior written notification to the Authorised Participants published on the website of the Stock Exchange at www.aix.kz.

The SPC will issue and the Authorised Participant will receive ETNs on the Placement Date, provided that:

- the Authorised Participant provided an irrevocable placement notice (a “**Placement Notice**”) no later than 2 p.m. of any Business Day;
- the SPC received Securities and/or Cash in the quantities specified in the Placement Notice no later than 2 p.m. of the Placement Date;
- any fraction of Securities that are due by the Authorised Participant shall be paid in Cash at the closing price of the Security on the Business Day preceding the date of the Placement Notice; and
- the SPC has signed an Authorised Participant Agreement with the Authorised Participant.

Cash due from the Authorised Participant shall be decreased by the amount of accrued but unpaid Expenses; in case if amount of Cash due from the Authorised Participant (taking into account cash component for any fractions of Securities) is less than amount of accrued but not paid Expenses, proportionate to the number of ETNs placed, then the Authorised Participant shall deliver fewer Securities in order to net the accrued but not paid Expenses.

On the Placement Date and upon receipt of Securities and/or Cash, the SPC will issue ETNs to the Authorised Participant as per the instructions provided in the Placement Notice.

The SPC may attract other market participants as Authorised Participants if such other market participants indicate their willingness to so participate.

The material terms of the Authorised Participant Agreement with Astana International Exchange Market Liquidity Services Limited includes the procedures regarding On-Going Placement and Redemption described on this page above. The material terms of the Authorised Participant Agreement with other new Authorised Participants in future are expected to be based on the same procedures.

Trading in ETNs

Investors may sell or buy ETNs on Stock Exchange or in over-the-counter transactions with other investors, including the Initial Purchaser or Authorised Participants. Over-the-counter Transactions with the Notes held with AIX Registrar and Trading of the Notes on AIX and Their Settlement in AIX CSD are described on page 41 of the Prospectus.

Market Making

To increase the volume of trading and liquidity in trading, AIX may appoint a market maker, which will provide daily bid and ask quotes. Such activity will be performed in accordance with a market maker agreement signed between the market maker and AIX.

As of the date of this Prospectus, the Investment Manager is appointed as a market maker.

Maturity Date and Settlement Amount

On the Maturity Date the SPC will pay the Settlement Amount to ETN holders in accordance with instructions received from ETN holders, based on the size of their holding:

- for ETN holders holding at least the Redemption Amount, the Settlement Amount will be Securities which could be supplemented with Cash less accrued but unpaid Expenses in proportion to the NAV as at the Business Day preceding the Maturity Date. Any fraction of Securities due will be paid in cash at the closing price of the Securities on the preceding Business Day; and
- for ETN holders holding less than the Redemption Amount, the Settlement Amount will be a cash amount equal to the NAV as at the Business Day preceding the Maturity Date less accrued but unpaid Expenses.

Accrued but unpaid Expenses will be deducted from the amount of Cash due to the ETN holder. If the amount of Cash due to the ETN holder (taking into account any cash component in respect of any fractions of Securities) is less than the amount of accrued but unpaid Expenses, then the SPC will decrease the number of Securities that are due to such ETN holder and increase the Cash due to such ETN holder, from which the accrued but unpaid Expenses will then be paid in full.

The Settlement Amount will be transferred to ETN holders appearing on the register of ETN holders provided by the AIX Registrar as at the Maturity Date.

On the Maturity Date, the SPC will request that the AIX Registrar cancels all outstanding ETNs.

Each ETN holder will be required to provide its banking and securities account details not later than 30 Business Days before the Maturity Date. Such instructions shall be submitted:

- for those ETN holders that hold their ETNs in their securities accounts with brokerage companies who are participants in the AIX CSD, via such brokerage companies; or
- for those ETN holders that hold their ETNs in their securities accounts with the AIX Registrar, via the AIX Registrar.

In the event no details of either a securities account and/or bank account are provided to the SPC within the required time period or such instructions are missing or include inaccurate information or (as the case may be) such instructions lack the required information, the Securities and Cash will be retained by the SPC in escrow. Such unclaimed Securities will be sold after 30 Business Days following the Maturity Date and the monies received from such sale will be held to the order of the relevant ETN holder together with such other retained Cash, in each case to the extent permissible under applicable law and until such time as such ETN holder claims such monies and retained Cash.

Redemption

An Authorised Participant or (as the case may be) the Initial Purchaser may submit an irrevocable request in accordance with and pursuant to the Authorised Participant Agreement or (in the case of the Initial Purchaser) the Subscription Agreement (each a “**Redemption Notice**”) requiring the SPC to redeem the ETNs provided that any such Redemption Notice is in an amount not less than the Redemption Amount. Such Redemption Notice shall be submitted to the SPC not later than 2 p.m. on any Business Day.

Once the Redemption Notice has been confirmed, such Authorised Participant or (as the case may be) Initial Purchaser shall transfer ETNs to the SPC (in the amount specified in the Redemption Notice) and ensure that the SPC receives such ETNs not later than 2 p.m. on the Redemption Date.

Each Redemption Notice shall contain bank and securities accounts details.

On the Redemption Date, and upon receipt of ETNs, the SPC will pay to the Authorised Participant or (as the case may be) Initial Purchaser via the transfer of Securities and Cash less accrued but unpaid Expenses in the proportions to the NAV pro rata to the total number of ETNs outstanding. Any fraction of Securities will be paid in Cash at the closing price of the Securities on the preceding Business Day.

Accrued but unpaid Expenses will be deducted from the amount of Cash due to the Authorised Participant or (as the case may be) the Initial Purchaser (acting on their own account or for the account of the ETN holder). If the amount of Cash due to the Authorised Participant or (as the case may be) the Initial Purchaser (acting on their own account or for the account of the ETN holder) (taking into account any cash component in respect of any fractions of Securities) is less than the amount of accrued but unpaid Expenses, then the SPC will decrease the number of Securities that are due to the Authorised Participant or (as the case may be) the Initial Purchaser (acting on their own account or for the account of the ETN holder) and increase the Cash due to the Authorised Participant or (as the case may be) the Initial Purchaser (acting on their own account or for the account of the ETN holder), from which the accrued but unpaid Expenses will then be paid in full.

No Redemption Notice will be accepted during the period of 30 calendar days prior to the Maturity Date.

ETN holders (other than Authorised Participant(s) and Initial Purchaser(s)) shall have no right to require the SPC to redeem ETNs.

Extension of the ETNs' term

The SPC may at any time with the prior written consent of the Investment Manager extend the maturity of the ETNs with prior written notification to the ETN Holders by means of notification on the website of the Stock Exchange at www.aix.kz.

Other than the extension of the Maturity Date, all the other terms of the ETNs will remain the same.

Early Termination Right

With 30 Business Days' notice, on any Business Day through and including the Maturity Date, the SPC, at its sole and absolute discretion, may redeem all, but not less than all, of the issued and outstanding ETNs. Such redemption will be effected by the SPC by declaration of a new Maturity Date and respective actions to be undertaken in accordance with procedures described for the Maturity Date.

At the same time, in case if the SPC will use its Early Termination Right and redeem ETNs during the Minimum term, then the Management Company shall pay a compensation fee to the Investment Manager in amount and manner pursuant to and in accordance with the Investment Management Agreement.

Any such notification by the SPC of the Early Termination Right is irrevocable.

THE INDEX

For the avoidance of doubt, this disclaimer does not create any contractual or quasi contractual relationship between any broker, investor in ETN or other person and AIX FM and/or SPC and must not be construed to have created such relationship.

THE INVESTMENT MANAGER

The Investment Manager

Halyk Finance was established according to the decision of the Board of Directors of JSC Halyk Bank of Kazakhstan, the sole founder of the Investment Manager. JSC Halyk Bank of Kazakhstan and its subsidiaries are ultimately controlled by Timur Kulibayev and his wife Dinara Kulibayeva. The Investment Manager is a legal entity registered in the Republic of Kazakhstan on 10 November 2004. The Investment Manager's registered legal address is Abay st. 109B, Floor 5, Almaty, the Republic of Kazakhstan.

The Investment Manager is regulated by the Agency for regulation and development of the financial market of the Republic of Kazakhstan. Primary licenses were received for brokerage and dealing activities on capital markets with the right of book keeping as the nominee holder on 27 December 2004 and for investment portfolio management on 26 March 2005.

The above licenses have been replaced as a result of re-registration of the Investment Manager. As a result of re-registration a single license No. 4.2.92/28 for brokerage and dealing activities on capital markets with the right of book keeping as the nominee holder and investment portfolio managements was issued by Agency for regulation and development of the financial market of the Republic of Kazakhstan on 26 December 2008.

Later, the Investment Manager reissued the license in order to clarify the investment portfolio management activities with the subtype "without the right to attract voluntary pension contributions". The National Bank of the Republic of Kazakhstan issued license No. 4.2.92/28 dated 24 June 2014.

In November 2016, due to a change in the Investment Manager's legal address, to execute the requirements of point 10 of the Rules for issuing, suspending and revoking licenses to perform professional activities on the securities market, approved by Resolution of the Board of the National Bank No. 25 dated 26 February 2014, the license to perform professional activities on the securities market was reregistered by the National Bank and issued to the Investment Manager dated 4 November 2017 as № 3.2.229/7.

With the approval of the Management Board of JSC Halyk Bank of Kazakhstan (Meeting No.17 dated April 9, 2018), in order to become participant of Astana International Financial Centre (AIFC) and in compliance with the decree of the President of the Republic of Kazakhstan No.633 of February 9, 2018 "On Measures of conveying the President's message to the general public of Kazakhstan dated January 10, 2018 regarding "New Development Opportunities in the Forth Industrial Revolution", it was decided to establish Halyk Finance Astana as the Investment Manager's branch office located in the Block "B" on the 8 Kunaev str. In Astana. On June 29, 2018, in compliance with AIFC legal and regulatory framework, the Investment Manager was registered as a recognized company.

On 7 November 2018, the Investment Manager was licensed (No. 112018-008) to carry out the following activities:

- Performing investment transactions as a principal;
- Performing investment transactions as an agent;
- Investment management;
- Consulting on investing activities;
- Setting up investment deals.

On 4 March 2019, the license was supplemented by another type of activity:

- Management of collective investment schemes.

The aforementioned licenses for the corresponding types of activities at the AIFC are comparable to those issued by the National Bank of Kazakhstan to the Investment Manager itself.

Principle activities

The principal activities of the Investment Manager are operations on the professional securities market, investment and corporate finance advisory services, including brokerage and dealing, distribution and underwriting of securities, securities trading as an agent in the Investment Manager's own right and rendering of asset management services.

Major details of the Investment Management Agreement

The Investment Management Agreement concluded between the SPC and the Investment Manager on August 31, 2021. According to the terms of the Investment Management Agreement, the Investment Manager is responsible for the determination of the investment strategy of the SPC, active management of SPC's assets and approval of the Prospectus.

Powers of the Investment Manager

In accordance with the Investment Management Agreement, the Investment Manager have a right to act on behalf of the SPC in transactions with third parties, including but not limited to in respect of shares sales or purchases. Such right is limited to the transactions only with third parties, i.e. the Investment Manager cannot act as a counter-party in such transactions and/or sell Securities to itself or buy Securities owned by it unless such transactions are effected on a stock exchange. All such transactions shall be conducted on the fair market prices and conditions and arm's-length terms. The Investment Management Agreement permits the Investment Manager to manage investments on discretionary basis excluding a power to create or redeem ETN. The Investment Manager intends to provide investment management services in a manner designed to avoid prohibited transactions under ERISA and the US Internal Revenue Code.

Investment Management Fee

The Investment Manager will be entitled to receive the investment management fee in amount according to the Investment Management Agreement.

This Investment Management Fee will be paid by the Management Company out of funds received from the SPC on monthly basis.

Performance fee

The Investment Manager is also entitled to receive the performance fee, as described in more details on the page 14 of this Prospectus.

Termination of the Investment Management Agreement and substitution of the Investment Manager.

The Investment Management Agreement may be terminated unilaterally by the Investment Manager with a 90-day prior notice to the Managing Company.

The Managing Company has no rights to terminate the Investment Management Agreement unilaterally during the Minimum Term, provided that there is no material violation by the Investment Manager of the Investment Management Agreement. After the expiration of the Minimum Term, the Managing Company may terminate the Investment Management Agreement unilaterally with a 90-day prior notice to the Investment Management, subject to compliance with certain conditions, described in the Investment Management Agreement (including those based on the growth or decrease of NAV of the SPC and/or overall performance of the SPC).

Upon the termination of the Investment Management Agreement for any reason, the Management Company shall use its best efforts to find another Investment Manager with appropriate skills and experience. In case if during one month from the termination of previous Investment Management Agreement, the Management Company fails to conclude new Investment Management Agreement with another Investment Manager, then, the Management Company, acting in the best interests of ETN Holders, shall:

- assume the responsibilities of the Investment Manager itself amending the Prospectus by issuance of the supplemental prospectus;
- or
- use its Early Termination Right and redeem all ETNs outstanding.

Compensation in case of use of Early Termination Right

In case the SPC will use its Early Termination Right during the Minimum Term provided that the Investment Manager fully complied with its obligations under the agreements with the Management Company and/or the SPC, then the Management Company shall pay a compensation fee to the Investment Manager.

RISK FACTORS

Your investment in the ETNs will involve risks. The ETNs are not secured debt and are riskier than ordinary unsecured debt securities. As described in more detail below, the trading price of the ETNs may vary considerably before the Maturity Date due to, among other things, fluctuations in the markets on which the Securities are traded and other events that are difficult to predict and beyond control of the SPC. Investing in the ETNs is not equivalent to investing directly in the Securities. This Section of this Prospectus describes the most significant risks relating to an investment in the ETNs.

The SPC urges you to read the following information about these risks, together with the other information in this Prospectus, before investing in the ETNs.

Risks Relating to the ETNs

The ETNs may not be a suitable investment for you

The ETNs may not be a suitable investment for you if:

- You do not seek an investment with a return linked to the performance of various equity and debt securities of Kazakhstani companies.
- You believe that the value of Securities will decline during the term of the ETNs or their price will not increase by an amount sufficient to offset accrued Expenses.
- You do not understand that the trading price of the ETNs at any time may vary significantly from the NAV and that paying a premium purchase price over the NAV could lead to significant losses in the event you sell the ETNs at a time when such premium is no longer present in the market place or (as the case may be) the SPC exercises its Early Termination Right.
- You are not willing to accept the risk that you may lose some or all of your investment.
- You are not willing to actively and frequently monitor your investment in the ETNs.
- You do not have sufficient knowledge and experience to evaluate how the ETNs may perform under different conditions or the merits and risks of an investment in the ETNs.
- You do not understand the terms of the investment in the ETNs or are not familiar with the behavior of the Securities or financial markets generally.
- You are not willing to hold securities that may be redeemed early by the SPC pursuant to the exercise of its Early Termination Right.
- You are not willing to accept the risk that the price at which you are able to sell the ETNs may be significantly less than the amount you invested.
- You do not have sufficient financial resources and liquidity to bear the risks of an investment in the ETNs, including the risk of loss of such investment.
- You seek an investment for which there will be an active secondary market.
- You are not comfortable with creditworthiness of the SPC as issuer of the ETNs.

Investors considering purchasing the ETNs should reach an investment decision only after carefully considering the suitability of the ETNs in light of their particular circumstances.

You may lose some or all of your investment

The ETNs are fully exposed to any decline in the value of Securities. If the value of Securities on the date of your sale is less than the value of Securities at the date of your purchase, you will lose some or all of your investment at maturity, upon Redemption or upon exercise by the SPC of its Early Termination Right (as the case may be).

The amount of accrued Expenses will reduce the value of Securities and/or Cash, if any, you will receive at maturity, upon Redemption or upon exercise by the SPC of its Early Termination Right (as the case may be)

Even if the value of Securities at the date of your sale is greater than the value of Securities at the date of your purchase, you will receive less due to accrued Expenses. The amount of accrued Expenses will reduce the value of Securities and/or Cash, if any, you will receive at maturity, upon Redemption or upon exercise by the SPC of its Early Termination Right (as the case may be), which could result in a loss to you on your investment, even if the value of Securities at the date of your sale is greater than the value of Securities at the date of your purchase.

The NAV on the Maturity Date or the Redemption Date may be less than the NAV on the date of your purchase

The NAV on the Maturity Date or the Redemption Date may be less than the NAV on the date of your purchase because the NAV is calculated based on the value of Securities and Cash on each Business Day less accrued but unpaid Expenses.

No cash redemption

ETNs will not be redeemed for cash and may normally only be redeemed in kind by investors through Authorised Participants. Redeeming investors will receive Securities (which could be supplemented with cash payment). Redeeming

investors may not be able to realise the value of Securities received on a redemption of ETNs in a timely manner or at any particular price if there is no liquid trading market for the Securities.

The ETNs bear a floating coupon

There is no guaranteed or fixed coupon attached to the ETNs. The ETNs are bearing a floating coupon, which directly linked to the cash dividends and coupons on Securities received by the SPC after payment of taxes and bank commissions. In case if there will be no dividends or coupons from Securities, then the amount of the coupon on ETNs will be zero.

Amount of coupon paid may not be equal to the amount of dividends and coupons paid under the Securities

Any coupon paid by the SPC on ETNs is paid out of net cash dividends and coupons actually received by the SPC after the deduction of taxes and transactional costs. Thus, Coupon Amount may be lower than the amount of dividends and coupons declared and paid under the Securities.

Tax implications if ETNs are excluded from the official list of the Stock Exchange

If ETNs are excluded from the official list of AIX, all income on ETNs will be subject to taxation based on the Kazakhstan Tax Code. Although the SPC will use its best efforts to maintain the ETNs on the official list of AIX, in circumstances where this is not possible, the exclusion of the ETNs from the official list of AIX may negatively affect the tax position of holders of ETNs for tax purposes, as well as their market price.

Tax on revenues on Securities owned by the SPC may reduce the NAV

Under normal circumstances, the SPC will sell and buy Securities in the ordinary course of business; besides it may sell Securities it owns to cover its Expenses. Besides, the redemption of ETNs is reflected as a sale of the Shares. In circumstances where the difference between the price of sale and the initial price of the Shares is positive, such a positive amount will be included in the aggregate annual income of the SPC according to the applicable Kazakhstan tax legislation. Also, the SPC as an owner of Shares may receive dividends or other distributions from the Shares less possible deductions (taxes, transactional fees, etc.). Such dividends and distributions received will be included in the aggregate annual income of the SPC. It is not guaranteed that, at the end of the calendar year, the deductible expenses of the SPC will be higher than the aggregate annual income and there will be no corporate income tax payable. Accordingly, the SPC may be obliged to pay taxes that will decrease the NAV.

The SPC may redeem the ETNs prior to the Maturity Date by exercising its Early Termination Right

On any Business Day, the SPC may elect to redeem all, but not less than all, of the outstanding ETNs with no less than 30 Business Days' prior notice by exercising its Early Termination Right. If the SPC elects to redeem your ETNs pursuant to the exercise by the SPC of its Early Termination Right, you may not be able to reinvest at comparable terms or returns.

You have no rights or interests in any Securities

Investing in the ETNs will not make you a holder of any rights or interest in the Securities. Neither you nor any other holder or owner of the ETNs will have any voting rights, any right to receive fixed dividends or other distributions or any other rights with respect to the Securities. Accordingly, the return on your ETNs may not reflect the return you would realise if you actually owned the Securities.

The market value of the ETNs may be influenced by many unpredictable factors

The market value of your ETNs may fluctuate greatly during the term of the ETNs. Generally, the value of the Securities will affect the market value of the ETNs more than any other factor. Other factors that may influence the market value of the ETNs include:

- the market prices of the Securities; volatility, earnings, financial conditions, corporate, industry and regulatory developments, and other events affecting the companies whose securities are owned by the SPC;
- the exchange rate fluctuations;
- the prevailing prices and yields for the Securities;
- the time remaining to the maturity of the ETNs;
- supply and demand for the ETNs, including to the extent such supply and demand may be affected by inventory positions held by the SPC or any market maker;
- economic, financial, political, regulatory, geographical, agricultural, judicial, military, public health, environmental or other events that affect the value of the Securities, or that affect markets generally; and
- the actual and perceived creditworthiness of the SPC.

These factors interrelate in complex ways, and the effect of one factor on the market value of your ETNs may offset or (as the case may be) amplify the effect of other factors.

The exchange rate fluctuations may affect the value of the ETNs

The SPC may invest some of its assets in securities or cash denominated in currencies other than KZT (such as depositary receipts in foreign currencies). Any significant appreciation or depreciation of KZT against such foreign currencies and following changes in value of such assets will result in change of NAV and may affect the market price for ETNs.

Risk of concentration on Securities issued by the Kazakhstani companies

Because the SPC may invest a significant portion of its assets in companies operating in Kazakhstan, the SPC is subject to greater risks of adverse developments in this country, region and/or the surrounding regions than other funds that is more broadly diversified geographically. Political, social or economic disruptions in the country or region, even in countries in which the SPC is not invested, may adversely affect the value of Securities. There are special risks associated with investments in Kazakhstan, including exposure to currency fluctuations, less liquidity, expropriation, confiscatory taxation, nationalization and exchange control regulations (including currency blockage). Inflation and rapid fluctuations in inflation and interest rates have had, and may continue to have, negative effects on the economy and securities markets of Kazakhstan.

Investments in Securities are not diversified

The SPC may invest a large percentage of its assets in Securities issued by or representing a small number of issuers. As a result, the SPC's performance may depend on the performance of a small number of issuers.

The liquidity of the market for the ETNs may vary materially over time and may be limited

As stated in this Prospectus, the SPC sold the ETNs to the Initial Purchaser within the Initial Placement. Additional ETNs may also be offered and sold from time to time by the SPC to Authorised Participants. In addition, the number of ETNs outstanding or held by the persons other than affiliates of the SPC could be reduced at any time due to redemptions of the ETNs. The SPC may suspend or cease sales of the ETNs at any time, at its sole and absolute discretion. Accordingly, the liquidity of the market for the ETNs could vary materially over the term of the ETNs. Only the Authorised Participants or (as the case may be) the Initial Purchaser may request redemption of the ETNs prior to their maturity, and the Redemption is subject to the conditions and procedures described elsewhere in this Prospectus.

Changes that affect the calculation of the NAV will affect the market value of the ETNs and the Settlement Amount

The amount payable on the ETNs and their market value could be affected if trading in any of the Securities is suspended or cancelled, in which case it may become difficult to determine the market value of the ETNs. If events such as these occur, or if the value of the Securities is not available because of a market disruption event or for any other reason, the SPC will make a good faith estimate at its sole and absolute discretion in its calculation of the NAV.

Historical values of the Securities should not be taken as an indication of future performance during the term of the ETNs

The actual performance of the Securities over the term of the ETNs, as well as the amount payable at maturity, upon early Redemption or upon the exercise by the SPC of its Early Termination Right, may bear little relation to the historical performance of the Securities. As a result, it is impossible to predict whether the price of ETNs will rise or fall.

There may not be an active trading market in the ETNs; sales in the secondary market may result in significant losses

The ETNs are expected to be listed on AIX. However, the SPC is not required to maintain any listing of the ETNs on AIX or any other stock or quoted exchange. The SPC and its certain affiliates may engage in purchase and resale transactions in the ETNs, although they are not required to do so and may stop at any time. If an active secondary market exists, the SPC expects that ETN holders will purchase and sell the ETNs primarily in this secondary market. Even if an active secondary market for the ETNs exists, it may not provide significant liquidity or trade at prices advantageous to you. As a result, if you sell your ETNs in the secondary market, you may have to do so at a discount from your initial purchase price and you may suffer significant losses.

The SPC may sell additional ETNs, but the SPC is under no obligation to issue or sell additional ETNs at any time. If the SPC sells additional ETNs, the SPC may limit or restrict such sales, and the SPC may stop and subsequently resume selling additional ETNs at any time

In its sole discretion, the SPC may decide to issue and sell additional ETNs from time to time. Trades of the ETNs will be made at market prices prevailing at the time of sale, at prices related to market prices or at negotiated prices. Additionally, any ETNs held by the SPC or an affiliate in inventory may be resold at prevailing market prices or lent to market participants who may have made short sales of the ETNs. However, the SPC is under no obligation to issue or sell additional ETNs at any time, and if the SPC does sell additional ETNs, the SPC may limit or restrict such sales, and the SPC may stop and subsequently resume selling additional ETNs at any time. If the SPC starts selling additional ETNs, the SPC may stop selling additional ETNs for any reason, which could materially and adversely affect the trading price and liquidity of such ETNs in the secondary market. Furthermore, unless the SPC indicates otherwise, if the SPC suspends selling additional ETNs, the SPC reserves the right to resume selling additional ETNs at any time, which might result in the reduction or elimination of any premium in the trading price.

Suspension of additional issuances of ETNs can also result in a significant reduction in the number of outstanding ETNs if ETN holders subsequently exercise their right to have the ETNs redeemed by the SPC. If the total number of outstanding ETNs has fallen to a level that is close to or below the Redemption Amount, you may not be able to purchase enough ETNs to meet the minimum size requirement in order to exercise your right of Redemption. The unavailability of this right can result in the ETNs trading in the secondary market at discounted prices below the NAV. Having to sell your ETNs at a discounted sale price below the NAV could lead to significant losses. Prior to making an investment in the ETNs, you, together with your financial adviser, should consider whether the trading price is tracking the NAV.

The NAV and the Settlement Amount are not the same as the closing price or any other trading price of the ETNs in the secondary market

The NAV and Settlement Amount are not the same as the closing price or any other trading price, which is the price at which you may be able to sell your ETNs in the secondary market, if one exists. The NAV and Settlement Amount are in the form of Securities and/or Cash and calculated as described in this Prospectus.

The trading price of the ETNs at any time is the price at which you may be able to sell your ETNs in the secondary market at such time, if one exists. In the absence of an active secondary market for the ETNs, the last reported trading price may not reflect the actual price at which you may be able to sell your ETNs at a particular time. The trading price of the ETNs at any time may vary significantly from the NAV or Settlement Amount at such time due to, among other things, imbalances of supply and demand, lack of liquidity, transaction costs, credit considerations and bid-offer spreads. Paying a premium purchase price over the indicative value of the ETNs could lead to significant losses in the event you sell your ETNs at a time when such premium is no longer present in the market or the ETNs are called. The SPC may, without providing you notice or obtaining your consent, create and issue ETNs in addition to those offered by this Prospectus having the same terms and conditions as the ETNs. However, the SPC is under no obligation to sell additional ETNs at any time, and the SPC may suspend issuance of new ETNs at any time without providing you notice or obtaining your consent. If the SPC limits, restricts or stops sales of such additional ETNs, or if the SPC subsequently resumes sales of such additional ETNs, the trading price and liquidity of the ETNs in the secondary market could be materially and adversely affected, including an increase or decline in the premium purchase price of the ETNs.

The ETNs are subject to the credit risk of the SPC

The ETNs are senior unsecured debt obligations of the SPC and are not, either directly or indirectly, an obligation of any third party. Any payment to be made on the ETNs, including any payment at maturity, upon Redemption or upon the exercise by the SPC of its Early Termination Right (as the case may be), depends on ability of the SPC to satisfy its obligations as they become due. As a result, any adverse changes in the market's view of creditworthiness of the SPC will affect the market value, if any, of the ETNs prior to maturity, upon Redemption or upon the exercise by the SPC of its Early Termination Right (as the case may be). In addition, in the event the SPC was to default on its obligations, you may not receive any amounts owed to you under the terms of the ETNs.

Securities Lending Risk

The SPC may engage in Securities lending. Securities lending involves the risk that the SPC may lose money and / or Securities because the borrower of the loaned Securities fails to return the Securities in a timely manner or at all. The SPC could also lose money if it does not recover the Securities and/or the value of the collateral falls, including the value of investments made with cash collateral. These events could also trigger adverse tax consequences for the SPC.

The SPC is a newly established entity with limited track record of operation

The SPC has been established on May 24, 2021 and has limited track record of operation. The SPC is a special purpose vehicle with an actively-managed investment strategy and the asset classes in which it can invest are limited. Investments by the ETN holders will be used by the SPC to purchase Securities only. Accordingly, the prospects of the SPC are fully dependent on the market demand for its ETNs and the performance of the Securities.

Counterparty risk to the Custodian and other custodians

The assets of the SPC in the form of the Securities are entrusted to the Custodian for safekeeping, as set out in further detail on page 17 of this Prospectus. These assets should be segregated from other securities/assets of the Custodian in accordance with applicable law and regulation, which mitigates but does not exclude the risk of non-restitution in case of bankruptcy of the Custodian. ETN holders are therefore exposed to the risk of the Custodian not being able to fully meet its obligation to reconstitute all of the Securities in the case of bankruptcy of the Custodian. The Custodian may not keep all the assets of the SPC itself but may use a network of sub-custodians which are not always part of the same group of companies as the Custodian. ETN holders may be exposed to the risk of bankruptcy of the sub-custodians in circumstances in which the Custodian may have no liability.

Risk related to the Investment Manager

The Investment Manager is responsible for the investment strategy and has a power to manage assets of the SPC. Although the Investment Manager shall act in good faith and take the reasonable decisions, it cannot be guaranteed that all decisions and actions of the Investment Manager will benefit the ETN Holders.

Astana International Exchange Limited

The ETNs are expected to be listed and traded on the AIX in the AIFC. The AIX was launched in July 2018, and therefore, has a very short history of operations. Also, the infrastructure for trading on the AIX and the infrastructure for settlement in the AIX CSD and for registration in the AIX Registrar is newly set up. No assurance can be given about acceptable trading volumes of the Notes on the AIX. These factors may negatively impact the liquidity and pricing of the Notes on the AIX.

Expenses exceeding Total Expense Ratio

Total Expense Ratio deducted from the NAV at the rate of 0,75% (or 1%, as the case may be) per annum include Operational fees, the Investment management fees and the Management fee. The Management Company will pay any Total Expenses exceeding this ratio but not obliged to pay any other Expenses which may have unpredictable and unforeseen nature; such as litigations, taxes and other expenses.

Risks Relating to Conflicts of Interest

The Management Company takes all appropriate steps to identify, prevent and manage circumstances which may give rise to material conflicts with respect to the relationships between investors, subsidiaries of AIX, between the Management Company's clients and SPC, its group companies or its group companies' employees, or any person directly or indirectly linked to the Management Company or its group companies by control.

The Management Company is committed to its general obligation to act with integrity and fairness towards its investors. We take any potential conflict very seriously and if a conflict is identified, we take timely steps to resolve or remove it. Member firms maintain internal controls and processes to identify potential conflicts and comply with relevant regulations.

The Management company understand that there is a greater risk of conflict, or a perception of such by stakeholders in some key areas.

The current Key Risks are:

Quality & Compliance:

- Compliance: Failure to manage and comply with legal or professional requirements, including local policies and standards leading to regulatory action and/or significant conflicts of interest;
- Independence: Failure to comply with external independence requirements and manage the ongoing complexity and changes in independence regulations, against a growth agenda in new areas and changing expectations;
- Significant matters: Failure to respond appropriately and with speed to a significant issue in a company with implications, whether security, technology or client related;
- Regulatory/Public Policy changes: Risk of a regulatory change that would hamper our ability to operate in a sustainable way;
- Data strategy & management: Failure to manage and maintain firm or third party data with the highest compliance & regulatory standards;
- Information & Cyber security: Failure to manage security of firm or third party information causing legal, reputational and brand damage.

Market Risks:

- Technology enabled disruption: Failure to respond to, and prepare for, disruption, including getting new services and solutions to the market with speed and agility;
- Strategic execution: Failure to ensure relevance and meet client expectations;
- Investment: Failure to ensure sufficient investment in future growth areas and reinvestment in existing services;
- The risk of bias or poor judgment;
- The reputational risks that can be damaging or even fatal to a business organization when people or firms make decisions that may be technically within the letter of the law, but are not in keeping with the spirit of the law and hard to explain to the constituencies with which they must keep faith, such as customers, creditors, investors, or employees.

For every risk identified, each investor is required to assess the probability of the risk occurring, its potential impact and whether the risk is operational, forward looking or emerging.

Issuance and offering of the ETNs does not constitute an expression of our view about, or a recommendation of, the Index or any of the Securities.

You should not take issuance and offering of the ETNs as an expression of our views about how the Index or any of the Securities will perform in the future or as a recommendation to invest (directly or indirectly, by taking a long or short position) in the Index or any of the Securities, including through an investment in the ETNs. The SPC and/or its affiliates may, and often do, have positions (long, short or both) in one or more of the Securities that conflict with an investment in the ETNs. You should undertake an independent determination of whether an investment in the ETNs is suitable for you in light of your specific investment objectives, risk tolerance and financial resources.

The SPC or its affiliates may publish research, express opinions or provide recommendations that are inconsistent with investing in or holding the ETNs. Any such research, opinions or recommendations could affect the market value of the ETNs

The SPC and its affiliates may publish research from time to time on stocks or commodities and other matters that may influence the value of the ETNs, or express opinions or provide recommendations that are inconsistent with purchasing or holding the ETNs. Any research, opinions or recommendations expressed by the SPC or its affiliates may not be consistent with each other and may be modified from time to time without notice. The ETNs are linked to the performance of Securities intended to represent a diversified basket of publicly traded securities. Investors should make their own independent investigation of the merits of investing in the ETNs and the Index to which the ETNs are linked.

Business activities of the SPC or its affiliates or the Investment Manager may create conflicts of interest

As noted above, the SPC and its affiliates and the Investment Manager may engage in trading activities related to the Securities that are not for the account of holders of the ETNs or on their behalf. These trading activities may present a conflict between the holders' interest in the ETNs and the interests the SPC and its affiliates and the Investment Manager will have in their proprietary accounts, in facilitating transactions, including options and other derivatives transactions, for their customers and in accounts under their management. These trading activities, if they influence the value of the Securities, could have a material and adverse impact on the market value of the ETNs.

Currency Strategies Risk

Currency exchange rates may fluctuate significantly over short periods of time and can be unpredictably affected by political developments or government intervention. Changes in currency exchange rates may affect the value of the investments.

Country risks

Country, regional and political risks are components of market and credit risk. Financial markets and economic conditions generally have been and may in the future be materially affected by such risks. Potential economic or political pressures in Kazakhstan, including those arising from local market disruptions, currency crises, monetary controls or other factors, may have an adverse impact on the SPC operations.

Sanctions could be imposed and have adverse effects on Kazakhstan capital market

While Kazakhstan maintains strong independent diplomatic relationships with both Russia and Ukraine and has confirmed its neutral position with respect to the war between Russia and Ukraine, Kazakhstan has significant economic and political relations with Russia. Therefore, there is also a risk that sanctions could be also imposed on Kazakhstan, which would have an adverse effect on the internal market and Kazakhstan's economy, which could, in turn, have a material adverse effect on SPC's financial condition, cash flows, results of operations and or the price of the ETNs.

Risks related to the Securities

Investment in the Securities involves the risk that the value of the securities may fluctuate in accordance with changes in the financial condition of the issuers of the securities, the value of common stocks generally, and other factors. The composition and weighting of the of the Securities held by the SPC also change from time to time.

The financial condition of the issuers of the securities may become impaired or the general condition of the stock market may deteriorate (either of which may cause a decrease in the value of the Securities and thus in the value of ETNs). Common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. These investor perceptions are based on various and unpredictable factors, including expectations regarding government, economic, monetary and fiscal policies, inflation and interest rates, economic expansion or contraction, and global or regional political, economic, and banking crises. There can be no assurance that the issuers of the Securities will pay dividends on outstanding shares of common stock or coupons on the debt securities issued.

Distributions on the securities will generally depend upon the declaration of dividends by the issuers of the securities or the schedule of coupons paid on the debt securities; the declaration of dividends generally depends upon various factors, including the financial condition of the issuers and general economic conditions.

USE OF PROCEEDS

The net proceeds of the issue of the Notes will be used by the Issuer for investments mainly in the Securities.

REGISTRATION, PURCHASE AND SALE OF ETNS

Registration of the Notes

The Notes are book-entered non-bearer securities in uncertificated form registered in AIX Registrar. The Notes may be held by the relevant holders in their accounts established either with AIX Registrar or with a participant of AIX CSD. Participants in AIX CSD include trading members of AIX (brokerage firms) and the custodians who have account(s) with AIX CSD.

Only persons that are registered as the owners of the Notes in the accounts with AIX Registrar or with a participant of AIX CSD will be recognised as the ETN holders. The owners of the Notes held in a holding (nominee) account with AIX CSD may choose to exercise all of their rights as noteholders against the Issuer through the respective participant of AIX CSD that has such holding (intermediary) account with AIX CSD (subject to such participant's agreement with the owners of the Notes to act in this capacity).

Over-the-counter Transactions with the Notes held with AIX Registrar

In order to transfer ETNs held in any account with AIX Registrar or receive ETNs into an account at AIX Registrar (either as a result of a sale and purchase transaction or other types of transaction) a person must:

- have an account with AIX Registrar; and
- submit to AIX Registrar an instruction to transfer ETNs into or from its account with AIX Registrar (together with the relevant documents).

Trading of the Notes on AIX and Their Settlement in AIX CSD

The ETNs are expected to be traded on AIX. The settlement of these on-exchange trades of the ETNs will be made in the depository system of AIX CSD in accordance with the business rules and procedures of AIX CSD.

AIX CSD holds securities for trading members of AIX, for other participants of AIX CSD and for their clients. Potential purchasers of the ETNs on AIX need to have an account opened with the participant of AIX CSD (which may be a trading member of AIX or a custodian with an account at AIX CSD). In such cases ETNs will be held on behalf of investors in the relevant AIX CSD participant's account at AIX CSD.

AIX CSD facilitates clearance and settlement of securities transactions conducted on AIX between trading members of AIX. The clearing and settlement process that takes place at AIX CSD provides for exchange of money and securities on a delivery-versus-payment basis through electronic book entry changes in accounts of AIX CSD's participants and their respective clients. Secondary market sales of the ETNs held through AIX CSD will be conducted in accordance with the business rules and the procedures of AIX CSD.

AIX Registrar, as a legal entity which holds and maintains a register of the records of legal owners of the ETNs, interacts with AIX CSD's depository system, and, as part of such interaction, AIX CSD will provide details of the ultimate beneficial owners of the ETNs to AIX Registrar to the extent such details are available in the depository system of AIX CSD.

TAXATION

The following is a general description of certain material tax considerations relating to the Notes under Kazakhstan tax legislation. This summary is based upon the Constitutional Statute of the Republic of Kazakhstan “On the Astana International Financial Centre” No. 438-V ZRK, dated 7 December 2015, the Tax Code of the Republic of Kazakhstan and income tax conventions (treaties) in effect at the date of this Prospectus. Legislative changes or interpretations may, however, be forthcoming that could alter or modify the statements and conclusions set out in this Prospectus. Any such changes or interpretations may be retroactive and could affect the tax consequences of ownership of the Notes by noteholders. This summary does not purport to be a legal opinion or contain a complete analysis of all tax considerations relating to the Notes. For the purpose of this Prospectus the SPC has not reviewed any tax legislation of any country other than the tax legislation of the Kazakhstan.

Prospective investors in the Notes should consult their tax advisers as to which countries’ tax laws could be relevant to their acquiring, holding and disposing of the Notes and receiving any amounts in connection with the Notes and the consequences of such actions under the tax laws of those countries.

If an ETN holder intends to purchase and/or purchases the ETNs as provided for in this Prospectus such ETN holder should consult with their tax advisers regarding any tax consequences of such receipt, holding and subsequent sale of the ETNs under applicable tax legislation.

The information and analysis contained within this Section are limited to taxation issues under tax legislation of Kazakhstan, and prospective investors should not apply any information or analysis set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

In addition, prospective investors should note that an appointment by an investor in the Notes, or any person through which an investor holds Notes, of a custodian, collection agent or similar person in relation to such Notes in any jurisdiction may have tax implications. Prospective investors should consult their own tax advisers in relation to the tax consequences for them of any such appointment.

Republic of Kazakhstan Taxation

The following is a general summary of Kazakhstan tax consequences as at the date of this Prospectus in relation to the sale or transfer of the Notes. It is not exhaustive and purchasers are urged to consult their professional advisers as to the tax consequences to them of holding or transferring Notes.

Capital gains

Individuals and legal entities are exempt from individual and corporate income tax on capital gains mentioned above if the Notes are included as at the date of accrual in the official list of AIX.

THE DISCUSSION ABOVE IS A GENERAL SUMMARY. IT DOES NOT COVER ALL TAX MATTERS THAT MAY BE OF IMPORTANCE TO A PARTICULAR PURCHASER. EACH PROSPECTIVE INVESTOR IS URGED TO CONSULT ITS OWN TAX ADVISER ABOUT THE TAX CONSEQUENCES TO IT OF AN INVESTMENT IN THE NOTES IN LIGHT OF THE PURCHASER’S OWN CIRCUMSTANCES.

Taxation of the SPC in the Republic of Kazakhstan

The SPC may be subject to a corporate income tax at a 20 percent rate in case the taxable income arises based on the Kazakhstan tax legislation.

Withholding tax in respect of dividends, coupons and distributions to be received by the SPC

Dividends, interest and capital gains (if any) which the SPC receives with respect to Securities owned by the SPC may be subject to taxes, including withholding taxes, in other countries. It is anticipated that the SPC may not be able to benefit from reduced rates of withholding tax in double taxation agreements between Kazakhstan and such countries.

If this position changes in the future and the application of a lower rate results in a repayment to the SPC, the NAV will not be re-stated and the benefit will be allocated to the existing ETN holders rateably at the time of the repayment.

GENERAL PROVISIONS

IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE ISSUER, THE TERMS OF THE NOTES, INCLUDING THE MERITS AND THE RISKS INVOLVED.

THE NOTES ARE OF A SPECIALIST NATURE AND SHOULD ONLY BE BOUGHT AND TRADED BY INVESTORS WHO ARE PARTICULARLY KNOWLEDGEABLE IN INVESTMENT MATTERS. AN INVESTMENT IN THE NOTES IS SPECULATIVE, INVOLVES A HIGH DEGREE OF RISK AND MAY RESULT IN THE LOSS OF ALL OR PART OF THE INVESTMENT.

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus and any information or representation not so contained must not be relied upon as having been authorised by or on behalf of the Issuer. Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof, that there has been no adverse change in the financial position of the Issuer since the date hereof or that the information contained herein or any other information supplied in connection with the Notes is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

This Prospectus does not constitute an offer to sell or an invitation to subscribe for or purchase any of the Notes in any jurisdiction in which such offer or invitation is not authorised or to any person to whom it is unlawful to make such an offer or invitation. Laws in certain jurisdictions may restrict the distribution of this Prospectus and the offer and sale of the Notes. Persons into whose possession this Prospectus or any of the Notes are delivered must inform themselves about and observe any such restrictions. Each prospective investor of the Notes must comply with all applicable laws and regulations in force in any jurisdiction in which it purchases, offers or sells the Notes or possesses or distributes this Prospectus. In addition, each prospective investor must obtain any consent, approval or permission required under the regulations in force in any jurisdiction to which it is subject or in which it purchases, offers or sells the Notes. The Issuer shall not have any responsibility for obtaining such consent, approval or permission. This Prospectus may not be used for, or in connection with, any offer to, or solicitation by, anyone in any jurisdiction or under any circumstances in which such offer or solicitation is not authorised or is unlawful.

No action is being taken to permit a public offering of the Notes or the distribution of this Prospectus (in any form) in any jurisdiction where action would be required for such purposes.

The contents of this Prospectus should not be construed as legal, financial, business or tax advice. Each prospective investor should consult his or her own legal adviser, financial adviser or tax adviser for legal, financial or tax advice in relation to any purchase or proposed purchase of the Notes. Prospective investors should be aware that they might be required to bear the financial risks of an investment in the Notes for an indefinite period of time.

Recipients of this Prospectus are authorised to use it solely for the purpose of considering an investment in the Notes and may not reproduce or distribute this Prospectus, in whole or in part, and may not disclose any of the contents of this Prospectus or use any information herein for any purpose other than considering an investment in the Notes. In making an investment decision, prospective investors must rely upon their own examination of the Issuer and the Notes and the terms of this Prospectus, including the risks involved.

The language of this Prospectus is English.

The Notes have not been recommended by or approved by the any federal or state securities commission or regulatory authority in any jurisdiction, nor has any such commission or regulatory authority passed upon the accuracy or adequacy of this Prospectus. Any representation to the contrary is a criminal offence in the relevant jurisdiction.

ENFORCEABILITY OF CIVIL LIABILITIES AND CERTAIN LEGAL MATTERS

Enforceability of Civil Liabilities

The Issuer is a special purpose company registered under the the AIFC law and governed by the AIFC Special Purpose Company Rules (AIFC Rules No. GR0001 of 2017) and certain of its officers and directors and certain other persons referred to in this Prospectus are residents of Kazakhstan. Some of the assets of the Issuer are located in Kazakhstan. As a result, subject to the following paragraph, it may not be possible: (i) to effect service of process upon the Issuer or any such person outside Kazakhstan; (ii) to enforce against any of them, in courts of jurisdictions other than Kazakhstan, judgments obtained in such courts that are predicated upon the laws of such other jurisdictions; or (iii) to enforce against any of them, in Kazakhstan courts, judgments obtained in jurisdictions other than Kazakhstan.

Kazakhstan's courts will not enforce any judgment obtained in a court established in a country other than Kazakhstan unless (i) there is in effect a treaty between such country and Kazakhstan providing for reciprocal enforcement of judgments and then only in accordance with the terms of such treaty or (ii) there is an actual reciprocity (i.e., the particular judge is satisfied that there is an evidence that judgments obtained in Kazakhstan are enforceable (or were actually enforced) in such other country). For example, there is no such treaty in effect between Kazakhstan and the United Kingdom or the United States; and existence of an actual reciprocity in the United Kingdom or the United States could be difficult or even impossible to prove. However, Kazakhstan is a party to the New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards 1958 (the "Convention") and, accordingly, an arbitral award rendered in a country which is also a party to the Convention should be recognised and enforceable in Kazakhstan provided the conditions to recognition and enforcement set out in the Convention and the laws of Kazakhstan are met.

GOVERNING LAW

The Notes (including the agreement between the SPC and the ETN holders relating to arbitration provided for in the paragraph headed “Arbitration” below), and any non-contractual obligations arising out of or in connection with the Notes, are governed by, and shall be construed in accordance with, the Acting Law of the AIFC.

ARBITRATION

Any claim, dispute, controversy or difference of whatever nature arising under, out of or in connection with the Notes (including a claim, dispute, controversy or difference regarding validity, interpretation, performance, breach or termination of any Notes or any non-contractual obligations arising out of or in connection with the Notes) (a “**Dispute**”), shall be referred to and finally settled by arbitration administered by the International Arbitration Centre of the Astana International Financial Centre (“**IAC**”) in accordance with the IAC Arbitration and Mediation Rules (the “**Rules**”) in force on the date on which the Request for Arbitration is filed with the Registrar of the IAC. The Rules shall be deemed to be incorporated by reference into this Prospectus.

The seat of arbitration shall be Astana, the Republic of Kazakhstan and the language of arbitration shall be English.

In this paragraph:

“**Joinder Order**” means an order by a Tribunal that a Primary Dispute and a Linked Dispute be resolved in the same arbitral proceedings, including a decision of the Tribunal to consolidate a newly commenced arbitration with a pending arbitration.

“**Linked Dispute**” means any Dispute and/or any dispute, claim, difference or controversy arising out of, relating to or having any connection with the Notes, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Notes, in which a Request for Arbitration (as defined in the Rules) is served after a Request for Arbitration (as defined in the Rules) has been served in respect of a Primary Dispute.

“**Primary Dispute**” means any Dispute and/or any dispute, claim, difference or controversy arising out of, relating to or having any connection with the Notes, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Notes, in which a Request for Arbitration (as defined in the Rules) has been served before a Request for Arbitration (as defined in the Rules) has been served in relation to any Linked Dispute.

“**Tribunal**” means any arbitral tribunal appointed under this paragraph.

(i) Any party to both a Primary Dispute and a Linked Dispute may apply to the Tribunal appointed in relation to the Primary Dispute for a Joinder Order in relation to any Linked Dispute.

(ii) The applicant for a Joinder Order must promptly notify all parties to the Primary Dispute and the Linked Dispute of any application under point (i) above.

(iii) The Tribunal appointed in relation to the Primary Dispute may, if it considers it just, make a Joinder Order on hearing an application brought under point (i) above. In determining whether to make a Joinder Order, the Tribunal must take account of:

- (A) the likelihood and consequences of inconsistent decisions if joinder or consolidation is not ordered;
- (B) any failure on the part of the party seeking joinder or consolidation to make a timely application; and
- (C) the likely consequences of joinder or consolidation in terms of cost and time.

(iv) If the Tribunal makes a Joinder Order:

- (A) it will immediately, to the exclusion of any other Tribunal, have jurisdiction to resolve finally the Linked Dispute in addition to its jurisdiction in relation to the Primary Dispute;

(B) it must order that notice of the Joinder Order and its effect be given immediately to any arbitrator(s) already appointed in relation to the Linked Dispute and to all parties to the Linked Dispute and to all parties to the Primary Dispute; and

(C) any appointment of an arbitrator in relation to the Linked Dispute before the date of the Joinder Order will terminate immediately and that arbitrator will be deemed to be functus officio with effect from the date of the Joinder Order. Such termination is without prejudice to:

- (1) the validity of any act done, or order made by that arbitrator or by the court in support of that arbitration before his appointment is terminated;
- (2) his entitlement to be paid his proper fees and disbursements; and
- (3) the date when any claim or defence was raised for the purpose of applying any limitation bar or any similar rule or provision.

(D) it may also give any other directions it considers appropriate to:

- (1) give effect to the Joinder Order and make provisions for any costs which may result from it (including costs in any arbitration terminated as a result of the Joinder Order); and
- (2) ensure the proper organisation of the arbitration proceedings and the proper formulation and resolution of the issues between the parties.

(v) If a Tribunal appointed in respect of a Primary Dispute hereunder makes a Joinder Order which confers on that Tribunal jurisdiction to resolve a Linked Dispute arising hereunder, that Joinder Order and the award of that Tribunal will bind the parties to the Primary Dispute and the Linked Dispute being heard by that Tribunal.

(vi) For the avoidance of doubt, where a Tribunal is appointed under this paragraph, the whole of its award (including any part relating to a Linked Dispute) is deemed for the purposes of the New York Convention on the Recognition and Enforcement of Arbitral Awards 1958 to be contemplated by this paragraph.

(vii) Each of the Issuer and the ETN holders waives any objection, on the basis of a Joinder Order, to the validity and/or enforcement of any arbitral award made by a Tribunal following any Joinder Order.

RIGHTS OF THIRD PARTIES

No third party (i.e., a party other than the SPC and the ETN holder) shall have any right to enforce any term or condition of this Prospectus in relation to the Notes, including any rights under Part 10 (Rights of Third Parties) of the AIFC Contract Regulations (the AIFC Regulations No. 3 of 2017).

BINDING NATURE OF THE PROSPECTUS

ETN holders hereby agree, by acquiring any ETNs, whether directly, through a brokerage company or otherwise whatsoever, to be bound by the terms and conditions of this Prospectus and this Prospectus constitutes a binding contract between the SPC and each ETN holder.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Prospectus includes forward-looking statements. These forward-looking statements involve known and unknown risks and uncertainties, many of which are beyond the Issuer's control and all of which are based on its current beliefs and expectations about future events. Forward-looking statements are sometimes identified by the use of forward-looking terminology such as "believes", "forecasts", "expects", "may", "will", "could", "should", "shall", "risk", "intends", "estimates", "aims", "plans", "predicts", "continues", "assumes", "positioned", "anticipates", the negatives thereof, other variations thereon or comparable terminology. These forward-looking statements include all matters that are not historical facts. They appear in a number of places throughout this Prospectus and include statements regarding the intentions, beliefs or current expectations of the Issuer concerning, among other things, the results of operations, financial condition, prospects, growth, strategies, capital expenditure and development plans of the Issuer and the industries in which the Issuer operates.

These forward-looking statements and other statements contained in this Prospectus regarding the matters that are not historical facts involve predictions. No assurance can be given that such future results will be achieved and actual events or results may differ materially as a result of risks and uncertainties facing the Issuer. Such risks and uncertainties could cause actual results to vary materially from the future results indicated, expressed, or implied in such forward-looking statements. Such forward-looking statements contained in this Prospectus speak only as at the date of this Prospectus. The Issuer expressly disclaims any obligation or undertaking to update the forward-looking statements contained in this Prospectus to reflect any change in their expectations or any change in the events, conditions or circumstances on which such statements are based.

All subsequent written and oral forward-looking statements attributable to the Issuer and those acting on behalf of the Issuer are expressly qualified in their entirety by this Section. Before making an investment decision the prospective investors should specifically consider the factors identified in this Prospectus that could cause actual results to differ.

None of the Issuer or its management can give any assurance as to the future accuracy of the opinions set out in this Prospectus or as to the actual occurrence of any predicted developments.

RESPONSIBILITY STATEMENT

Subject to the following paragraph, the Issuer and the Investment Manager, having made all the reasonable enquiries, accepts responsibility for this Prospectus (in accordance with Section 69 of the AIFC Framework Regulations №18 of 2018 and Part 1 of the AIFC Market Rules №FR0003 of 2017) and confirm that this Prospectus complies with the requirements set out in Section 69 of the AIFC Framework Regulations №18 of 2018 and Part 1 of the AIFC Market Rules №FR0003 of 2017 and contains all information which is material in the context of the issue of the Notes, that the information contained in this Prospectus is correct to the best of their knowledge and that no material facts or circumstances have been omitted.

Neither the delivery of this Prospectus nor the offering, sale or delivery of any ETNs shall in any circumstances create any implications that there has been no adverse change, or any event reasonably likely to involve an adverse change, in the condition (financial or otherwise) of the Issuer since the date of this Prospectus.
